ICCMO (International College Of Cranio-Mandibular Orthopedics) INDIA SECTION

The ICCMO India section became the 8th section of ICCMO on 30th March 2017 at Buenos Aires during its 19th International Congress. For over thirty-five years, the International College of Craniomandibular Orthopedics (ICCMO) has been the global voice of scientific advancement and education in occlusion, neuromuscular dentistry, and TMJ/TMD diagnosis and treatment. The College was created as a non-commercial, not for profit organization to provide an open forum for the free exchange of ideas, practices, and research in the field of neuromuscular dentistry in an atmosphere of camaraderie and professionalism. ICCMO is a society of health care professionals with a common interest in the anatomy and physiology of dental occlusion, jaw function and orthopedic dysfunction (TMJ/TMD) with resultant symptoms in the head and neck. ICCMO is a professional organization committed to helping dentists better treat occlusion and TMJ/TMD pain patients using science based technology and techniques utilizing state of the art biomedical instrumentation.

Membership is open to any DENTIST/ENT/CHIROPRACTOR interested in the science of NMD.
